Dear Kaggwa ,

With reference to our telephone conversation this morning ; I am sending You the contract draft which

Vice President of has sent us .

We have viewed the contract and we believe that it is fair and protective for both parties , therefore we warmly recommend You to have it approved by Your legal office and have it sent back to us top urgent for signature; we have added an annex to include our position as brokers and also to have freedom to fly on Your flights for all our personnel on space available .

You will notice that has made the contract for USD 40.000. per month which includes our 5 (Five) per cent commission as already agreed between us. Most urgently advise if this is acceptable or if You intend to rise commission to include other expenses .

We also suggest You and demand that monthly rentals be paid on a Swiss or other European bank with assigned payments of our commission to our bank . (Will communicate our account number) .

Otherwise we recommend You to give us authority to provide You other aircraft for similar capacity as Your F-27 for September when Your other aircraft undergoes inspection in order to don't disrupt operations and consequently endanger the contract .

Awaiting Your kindest and urgent reply I recommend You again to send the contract urgently to us . Best regards

Riis
